biotechne®

| PROTEIN TARGET/ANTIBODY         |                                             |
|---------------------------------|---------------------------------------------|
| Protein Target                  | TNF-a                                       |
| Protein Isoform                 | TNF-a                                       |
| Antibody Type                   | Primary (biotinylated)                      |
| Host Species/Clonality          | Goat Polyclonal                             |
| ASSAY                           |                                             |
| Sample Type                     | recombinant protein spiked into Human Serum |
| Sample Concentration            |                                             |
| Antibody Concentration/Dilution | 1:50                                        |
| Antibody Diluent                |                                             |
| Detection Mode                  | Chemiluminescence                           |
| Separation Type                 | Size                                        |
| Matrix                          | 2-40 kD                                     |
| Observed kDa                    | 22                                          |
| Publications                    | None listed                                 |

This antibody is certified for Gel-Free, Blot Free, Hands Free Simple Western Systems.
